Enclosures:

No. Ref.69834-2-HW dated 24th November, 1944.

Sir,

Subject: Government Headquarters Hospital, Mangalore - Nurses' quarters Common mess - appointment of a House Keeper - Sanction requested.

The present strength of the nursing staff at the Government Headquarters and Lady Goschen Hospitals, Mangalore is 28. A common mess for the members of the nursing staff of the above hospitals has been started on 1st August 1944. The Superintendent, Headquarters Hospital, Mangalore, reports that at present there are 17 members in the mess and that much difficulty is being experienced for want of a house keeper in the nurses' quarters to look after the smooth working of the common mess. One of the staff nurses assisted by a committee of three probationers is running the mess at present and she finds it difficult to maintain the accounts, supervise the work of the servants

and be in charge of the stores, etc. In addition to her nursing duties in the hospital. The necessity for a house-keeper is keenly felt in this institution which is a training centre. It is therefore requested that Government will be pleased to sanction the employment of a house keeper for the common mess of the above two hospitals, on a pay of Rs.35/- per mensem with ration allowance and other concessions ordinarily admissible to house keepers employed in other Government institutions. The appointment may be sanctioned temporarily for a period of two years from the date of employment.

for Surgeon-General with the Govt. of Madras.
